## European Association for the Study of Diabetes

---

Dear EASD Member

For many years it has become apparent that the production of a printed version of our official journal, Diabetologia, is no longer necessary.

With growing concerns over environmental issues, economic issues and practicality, the matter was brought before our General Assembly during the 2013 EASD Annual Meeting in Barcelona.

The consensus reached was that in light of the current trend in electronic devices the paper version of Diabetologia is no longer appreciated and EASD, as a scientific association, should adapt to the modern demands of our technologically and ecologically aware members.

With this in mind, on behalf of the Association, we are now able to inform you that the Association will no longer be producing Diabetologia as a printed issue. Access to Diabetologia will, as of January 2014, be exclusively electronic.

To access articles from Diabetologia, you must login the EASD Member Area using your membership e-mail address and your password. You may login using the following link to access Diabetologia:

<https://www.m-anage.com/SocietyLogin.aspx?Society=easd>

Alternatively you may login directly to our publishers website using your EASD Membership details:

<http://link.springer.com/journal/125>

This change will not affect re-prints which will continue to be available.

Should you have any questions or comments, please feel free to contact the EASD office, [secretariat@easd.org](mailto:secretariat@easd.org).
